Class - 4th

Chapter - 1

Ques. 1

Name a bird that spends most of its life in the sea.

Ans. Penguin.

Ques. 2

What do we call the curved nails present on the feet of birds.

Ans. Claws.

Ques. 3

Write the special features of birds that make them look different from other animals?

Ans. Birds have beaks, wings and feathers. They have pores instead of ears. They do not have teeth.

Ques. 4

Name any two types of sounds made by birds.

Ans. Keeney's response.

Ques. 5

Why do the ducks have webbed feet?

Ans. Ducks have webbed feet to help them paddle through water.
